

Bucks Delegate Sees Adlai On 2nd Ballot

Adlai Stevenson will be nominated on the second ballot, it was predicted today by Walter A. Hilsbos, of Bensalem Township, a delegate to the Democratic National Convention.

In a telephone interview with the Courier and Times this morning, Mr. Hilsbos said there is a lot of "hustle and bustle" in Chicago. He explained that "everybody wants to talk to you."

Mr. Hilsbos said the endorsement by former President Harry S. Truman of Averell E. Harriman had made everything "red hot," but added that Mr. Stevenson "was holding his own."

Commenting on last night's keynote address by Tennessee Governor, Frank G. Clement, Mr. Hilsbos said, "he is my man for vice president any day." He said the Tennessee governor showed that he was "vice presidential material by the rousing speech he delivered."

"Of course I'm not ruling out Governor Leader (Pa). He has a good chance to make it and is considered one of the top ten choices."

The Bensalem delegate reported that he and his wife were enjoying themselves. A program of social events had been arranged for the delegates' wives.

Mr. Hilsbos said he and his wife met Mr. Stevenson several times and "chatted with him."

The first meeting was Saturday night at a party given by the California delegation.

"We arrived Saturday morning and checked in at the Morrison Hotel, which is headquarters for the Pennsylvania delegation. Shortly after we arrived we managed to get an invitation to the California party."

He said he had also met Mr. Harriman, "but only for a handshake."

On the fight for the presidential nomination, Mr. Hilsbos said "a lot of delegations are starting to weaken." But he didn't explain whether he meant they were leaning for Stevenson or Harriman. But he added that Mr. Stevenson would not have any trouble.

"He has a pile of votes and should win on the second ballot. Of course there will be Harriman votes, there always will be. We don't want all the votes, just enough to win," Mr. Hilsbos added.

He said he didn't think the boom for Senator John Kennedy, of Massachusetts, would amount to anything. Sen. Kennedy is being backed by a coalition of New England states.

"You can understand what they are doing, but I don't think they will win," he said.

Today's Weather

Partly cloudy, warm and humid today with scattered showers or thundershowers ending early tonight. Highest in the middle and upper 80's. Tomorrow fair and not quite so warm with highest 80 to 85.

Stevenson Bandwagon Hits Snag

Favorite Son Booms And Holdout Delegates Hurt Front Runner

By RAYMOND LAHR

CHICAGO UP — Adlai E. Stevenson's hopes for early victory in the Democratic presidential sweepstakes ran into some roadblocks today in the form of a new favorite son boom and holdout delegations.

The former Illinois governor was still front runner in known delegate preferences and was still the best bet for ultimate victory in the second day of the 1956 Democratic National Convention.

But his drive for the added 100-plus delegates he needs ran into a growing determination by some Southern states to hold back final commitments until they see whether the convention adopts a civil

Good Evening!

Democrats whooping it up.

Greatest show up to advance billing as Tennessee's young Governor Clement gives the country an old-fashioned dose of political hell's fire and brimstone reminiscent of a by-gone era when William Jennings Bryan stumped the hustings vainly in pursuit of the jackpot prize.

The gurner did quite a job of it. A lot of big elephant ears should be burning today and you know something? You don't hear and see such oratorical histrionics any more these days.

The fellow who enjoyed himself most at the opening of the clam-bake seemed to be none other than happy H. S. T.

But take it easy. The GOPers will be having their day next week.

Take it easy again. From now until the November vote is counted the whole country, the whole world are going straight to hades if you believe everything the politicians would have you believe.

And, as usual, curiously enough, when election day is over the old country will be perking along just like it's always perked.

Hot, humid and sticky. If we're going to get that rain, let's get it. Plenty up around Newtown, Buckingham and Doylestown way last night.

Betsy still kicking up her heels as Florida braces for some of her breezes.

Another gal we'll have to keep our eyes on, apparently.

"Wife: 'I thought you were going to the lodge meeting?'"

Husband: "It was postponed. The wife of the Grand Exalted Invisible Supreme Potentate wouldn't let him out tonight."

It's always easier to arrive at a firm conviction about a problem after you know what the boss thinks.

Just to keep the definition straight: Poor people have kink-folks; the well-to-do have relatives; and the rich have heirs.

If you drive, be careful.

Hurricane Spares Miami, Heads North

MIAMI — UP — Hurricane Betsy spared Miami today in a thunderous approach toward the U. S. mainland with winds of 120 miles an hour.

The mighty storm at 12 noon (EDT) was centered 230 miles east of West Palm Beach and was lumbering through the Atlantic on a northwest course that was expected to bring it ashore late tonight or tomorrow morning.

All coastal residents had been warned well in advance of the dangerous tropical storm.

Levittowners Set To Equip Tot Lot Areas

Dogwood Hollow, Junewood Residents Formulate Plans

Play equipment will be on the new Dogwood Hollow - Junewood sections tot-lot by the end of this month, Mrs. James Boyle, tot lot committee member said today.

Residents of the area met last night at her home to formulate plans for the installation of recreational equipment on the playground site recently turned over to the Bristol Township Board of Commissioners by Levitt and Sons, Inc.

Mrs. Boyle said that lumber will be donated by Mr. Eldon Cherry of 89 Dogwood drive who had also offered to construct sand boxes for the site. He will be assisted by Mr. Bernie Wolfson of 202 Dogwood drive and Mr. James Boyle.

To Buy Swings

The former Dogwood Women's Club now dissolved, will turn over approximately \$55 left in the club treasury for the purchase of swings, Mrs. Boyle explained.

In addition, she said, several women have volunteered to serve on a ways and means committee, to plan fund raising events with proceeds for more equipment.

Mrs. Emily Rivers and Mrs. Helen Firko are in charge of the committee. Interested families are invited to contact either of the women if they wish to help in the activities.

The group also intends to contact the Philadelphia Electric Company and request permission to use a right of way for access to the playground area directly from the Dogwood section.

Man Held On Morals Charge

Joint efforts of Upper Southampton and State Police of the Doylestown barracks brought about the arrest of a Trevoise man yesterday on a morals charge.

Lewis Marlin, 55, of Welden avenue, was apprehended after complaints were filed by a 13-year-old Southampton youth.

Yesterday's arrest climaxed two days of investigation by Detective Edward Gottschling of Upper Southampton and State Police.

Detective Gottschling said he called in State Police when he learned the alleged offense took place in the latter's territory.

Marlin is being held in Bucks County Prison for further hearings, according to State Police at Doylestown.

The complaint of the 13-year-old boy was filed with Upper Southampton authorities. The alleged sex violation occurred Aug. 11, State Police reported.

Morrisville Man Injured In Crash

Howard F. Anderson, 23, of Morrisville, is in Mercer hospital, Trenton, following an automobile accident at 12:15 a.m. today in Trenton.

After striking a parked car in the 1300 block of Princeton avenue, Anderson was rushed to the hospital by Trenton police.

Three stitches were required to close a head wound. He was detained for observation.

Trenton Policemen Richard Chorbah and Otto Schutts, charged Anderson with careless driving.

Beauty Contest Entrants

The Queen of the Delaware Valley Contest deadline for entries has been extended to Monday with final judging to be announced. The grand prize for the event will be a \$1200 scholarship to the Bessie V. Hicks American Foundation of Dramatic Arts plus \$250 in cash for expenses. Entries above are: (from left) Eileen Talbot, Jeri Hollingsworth, Beatrice Grabowski, Florence M. Bowker, Doris Wahl, Suzanne Mullins, and Frances Conrad.

Demos Stirred By Clement Speech

CONVENTION HALL, Chicago — UP — Frank G. Clement started shouting at 10:18 p.m. (EDT).

When he stopped at 11:03 p.m., it was a good thing no Republicans were around. Those Democrats would have eaten 'em alive.

One flush-faced delegate ventured the opinion it was the greatest keynote address ever delivered. Anyway, he said, "it was terrific — just terrific."

Tennessee's 36-year-old governor had two ideas he wanted to get across last night at the second session of the 1956 Democratic National Convention. In paraphrase they were:

1. Republicans are scoundrels. But they are rich and powerful scoundrels.

2. So to get them out of Washington the Democrats will have to fight! FIGHT! FIGHT!

He convinced those Democrats, though not without a struggle. An ordinary person might have figured that getting Democrats to hate Republicans wouldn't take much doing.

40 Residents Demand Firm Take Action

Committee To Inspect Homes With Attorney

By GORDON PARKER

Courier and Times Staff Writer

Builders of Broadway Manor today said they would be willing to drop criminal charges that sent four mothers to prison over the weekend, and consider residents' complaints that caused the furor.

The four women were arrested Saturday night on a "public nuisance" charge brought by the builders after they picketed Laurel Bend Homes, in protest of conditions in their community.

The women spent 12 hours in Bucks County Prison and the Falls Township jail until they each could raise \$500 bail.

Charles Fink, attorney for August J. Hertweck, of Philadelphia and Bertram W. Rudy, of Langhorne Manor, the builders of Broadway Manor, who swore out

the warrants, said today, "we don't want to prosecute these women. But we don't want to be persecuted either."

No Right to Picket

Fink insisted that the residents had no right to picket Laurel Bend which is being built by a different firm. But the residents pointed out that Hertweck and Rudy are principal holders in the two firms that built Broadway and are building Laurel Bend.

About 40 of the residents "still boiling mad" over the arrests, met last night at the home of Mrs. Warren Seese, 3102 Midway lane.

They demanded that the charges be dropped against the four women before they would meet with the builders.

They also demanded "positive assurances" that none of them would have to "undergo the hu-

Man Jailed On Failure To Pay Fines

A Trenton man charged with failure to pay fines on four motor violations in Morrisville July 5, was picked up this morning by Falls township police on a warrant, and turned over to Morrisville police.

Ernest Tate, of 132 North Willow street, is being jailed for non-payment of \$40 fines and \$20 costs. While working at the Cartex Corporation, Morrisville, this morning, he was arrested by Falls police.

He was fined for speeding, operating without a driver's license, failure to transfer registration plates, and reckless driving.

Morrisville policeman Joseph Di'Georgio said Tate had been speeding at 65 miles an hour on Philadelphia avenue last month.

Levittowners File Suit

A Levittown couple has filed suit in Bucks County Common Pleas Court to collect \$3,500 for injuries suffered in an automobile accident with another Levittowner.

Mr. and Mrs. Richard M. Pomerance, 36 Mackintosh road; Mill Creek Falls, are asking that amount from A. T. C. Brandt, 6 Cornflower lane, Crabtree.

The couple said they both suffered head injuries when their car was hit by Brandt's on January 23, 1955, across from the Levittown Lanes Bowling Alley, on Newportville road.

Mr. Pomerance is seeking a total of \$2,500 which includes his medical expenses, and \$230.71 in damages to his automobile.

His wife is seeking \$1,000 for medical expenses.

Mr. and Mrs. Pomerance claim that Brandt went through a traffic signal and "carelessly and with no regard for the safety of others" hit their car.

Hospital Treats 3 After 2 Crashes

Two automobile accidents in Falls Township yesterday occurred on the same road less than an hour and a half apart, sending three drivers to Mercer hospital in Trenton for treatment of minor injuries.

The first accident on West Trenton avenue near the Morrisville Drive-in Theatre happened at 4:07 p.m. when a car driven by R. A. Soden, 25, of 35 Alden avenue in Trenton, pulled out to pass another car while traveling east. Police said Soden's car side-swiped an auto driven by C. W. Voorhees, 17, of 5696 Grand Ave., West Trenton which was traveling west.

Treated For Abrasions
Soden was taken to Mercer hospital where he was treated for abrasions of the left knee. He was charged with traveling too fast for conditions by Falls Township police.

In the same vicinity near the Morrisville airport, a car driven by John Stalb Jr., 24, of 30 Idolstone road, Levittown, and another driven by Helen D. Reedman, 30, of 1014 Yardley road, Yardley, collided at 5:30 p.m.

Miss Reedman told police that a car was headed toward hers in her lane when she veered off the road in an attempt to avoid a collision. When she came back onto the road, she said, her automobile collided with Stalb's.

Both were taken to Mercer hospital, and discharged after examination and treatment.

Seeing Levittown By LYDIA BOGANE

Levittowners who have been down to the shore lately tell us Bob Horn's Bandstand show is appearing almost nightly on the Boardwalk at Wildwood, N. J. Still others say they saw publicity which put his bandstand show in the vicinity of Allentown earlier this month. Former disk-jockey on a Philadelphia TV outlet, he's a favorite with the teenagers. The Horns live in the Snowball Gate section of Levittown.

Thirty-seven little blue gills, sunnies, and catfish, from Lake-side Lake were the victims of an outdoor fish fry held on Marigold Circle in Magnolia Hill this past week. The fishermen were Jack, Craig, and Barbara Glasheen of 12 Marigold Circle and John, Michael and Margaret Murray of 1 Marigold Circle. Everybody pitched in with the eating of the hors d'oeuvres sized fish, but the official catch credit goes to Jack, Craig, and Michael. The oldest of the crowd is 13.

Out of Philadelphia comes word that the city's Board of Education educational television station to open this fall will feature programming aimed at the heavily populated Lower Bucks County area. Educators of our school districts will be contacted to have local schools participate. John Ulrich, formerly of WCAU-TV and now administrative head of the station is hoping for big things from this area.

Bricker Examines Middletown Books

Dr. Glenn Bricker, of Levittown, said today that in examining the minutes of the Middletown Board of Supervisors this morning, he was unable to find any evidence of a contract for police protection between the supervisors and the operators of the Langhorne Speedway.

He also claimed that six and a half pages in the minute book are "absolutely blank." These six and a half pages preceded the meeting of May 21, he said. "The township manager did not explain these blank pages," said Dr. Bricker.

Dr. Bricker asked to examine the books after a series of disputes with the supervisors and police chief. The supervisors have maintained that the township police officers were working at the Speedway under an agreement with the supervisors. Dr. Bricker charged the officers were working illegally.

Falls Police Probing Burglary

Falls Township police are investigating a burglary at Buckley's Hardware store in the Leeper Village Shopping Center where \$146 in cash and \$100 worth of merchandise were taken from the store safe.

Lt. Julius Meszaros said he was called to investigate yesterday around noon and found the store safe had been forced. The burglary, he said, apparently occurred in the early morning.

The loss was discovered by Wallace McComish, 10 Birch drive, Levittown, a store employee. He called Falls Township police soon after opening the store.

The shopping center site is located on the Newportville-Fallsington road.

Detective Post

Bristol Borough council last night created the post of Sergeant of Detectives. The man who fills the office will head the Borough's Detective bureau.

Pennsbury Sees Danger As Ended

Pennsbury joint school board members last night voted to discontinue school bus transportation from Birch Valley to the Manor elementary school. Previously, the walk included passing an area where road construction temporarily made it "dangerous" for the children.

"I personally don't consider it dangerous for the youngsters, now," said Medill Bair, regional superintendent of schools. The board agreed to have school crossing signs installed in that area, on Birch Valley pass and Penn Valley road.

In other business, the school board awarded a contract to J. W. Blackwell, of Yardley, low bidder for installation of a new steam boiler and oil burner in the Edgewood school, Woodside. Completion date for the work is Sept. 21.

\$6800 Bid Lowest

Mr. Blackwell's \$6800 bid was lowest among five opened last night at the board's regular monthly meeting. The others were: Carriel Engineering company of Philadelphia, \$9257; F. Perstein and Sons, Trenton, \$10,990; Henry A. Perotti, Bristol, \$9968.91 and W. G. Rittler and Son, Bristol, \$8,253.

A Petro oil burner and an H. B. Smith-Mills steam boiler will be installed.

Present at the session to help board members decide on the bids were: Charles Barry, of Belant and Clauss, Trenton engineers, and Ronald Vaughn, architectural representative.

Alternate Named

Warren Beach, new treasurer of the Bucks county technical school, was named alternate for the Pennsbury joint school board last night. A member of the Lower Makefield board, Mr. Beach lives on Orchard Way, Yardley RD.

Sept. 2 is the next date set for a regular meeting of the School Board.

Winds Smash Two Trailers

LANSDALE, Pa. — UP—What may have been a small tornado hit east of here late yesterday causing widespread damage to property.

Two house-trailers in Montgomery Square, three miles east of here, were destroyed when the violent wind lifted them from the ground and smashed them to earth, 100 yards across Bethlehem pike. Seven other trailers were bowled over.

In addition to causing some home and crop damage in the area, the wind ripped down electric wires. About 100 homes in the area were without power for more than two hours.

Boro Lists \$16,793 In Unpaid Taxes

Joseph A. Ferry, Bristol Borough Tax Collector, turned over to the Borough treasurer, 22 pages of taxables which appear to be unpaid on the 1955 Duplicate, amounting to \$16,793.20.

Mr. Ferry asked the Council last night at a meeting in the Municipal Building to appoint him collector of delinquent taxes to exonerate the unpaid occupation and per capita taxes.

Falls Board Awards Contracts

The Falls Township School board last night awarded contracts for landscaping and the purchase of musical instruments for two schools.

One contract for \$2250 was awarded to Rickert's Nursery for landscaping the Manor Elementary school in Levittown.

Another, for \$2,649.95 went to Fred W. Greenlee for landscape work planned for the William Penn Junior High school.

Several individual contracts totaling \$1,982.65 were assigned to purchase musical instruments for the Junior High school in Fairless Hills.

40 Residents Ask Firm Take Action

(Continued from Page One)
The residents asked that the firm take action to correct all the faults with their homes.

Without these assurances the group stated they would attend the hearing for the four women "en masse and prove their innocence."

Overflowing Tanks

Most of the residents' complaints centered around overflowing septic tanks and improper grading and drainage. They said that these conditions made their bathroom and toilet facilities useless because they constantly overflowed.

Fink recognized that "sanitation was the most urgent problem" and said it would be discussed by the builders when they met with residents.

Last night Harry Lundholm, of 3102 Broadway avenue, acting chairman, announced that Fink had contacted their attorney "with a view towards correcting all of the complaints on their properties."

Broadway Manor is located off Newport road, which runs behind the Bristol cemetery off Route 413. The community lies about two miles from Laurel Bend, which is on Bath road.

After reporting on the latest developments Lundholm said, "If our conditions aren't met we will go to the hearing and prove these women innocent."

He requested all of those present to attend the hearing and asked everyone else interested in the case to also attend.

Lundholm reported that their attorney, Anthony Mandio, of Bristol, would meet with a committee of the residents today to inspect the homes. Then tonight he would again meet with the committee to draw up a list of conditions for settlement of the dispute. Lundholm said all negotiations with the builders would be conducted by Mandio and "only if the builders are interested."

The four women who spent the night in jail are: Mrs. Margaret Beschert, 29, of 3104 Broadway avenue; Mrs. LuVera Riggie, 32, of 1409 Fourth avenue; Mrs. June Lundholm, 32, of 1409 Fourth avenue; and Mrs. Mary Owen, of 3108 Broadway avenue.

All attended last night's meeting and stated they didn't seek any personal gain from their situation.

150 Attend Services Held At Drive-In

Nearly 150 people attended the second drive in church service held Sunday at the Roosevelt Theatre, the Rev. L. Thomas Moore, pastor of the Emilie Methodist Church of Levittown said today.

The Rev. Moore said about 26 cars, several of whom were from other states were on hand for the outdoor services.

Beginning next Sunday, tape recordings of the Emilie choir singing hymns will be integrated in the program. Previously phonograph recordings had been used, he said.

The services are held each Sunday at 9:30 a.m. at the Route 1 site. They are expected to continue throughout the summer and into the month of September.

The Emilie Methodist church of Levittown conducts the religious ceremony in addition to regularly scheduled services at the church site on the Newportville-Fallsington road.

He brought to his keynote role evangelical zeal and the fruits of a Bible-reading Methodist upbringing plus training in the law.

He dedicated the Democratic Party to the "greater glory of God," created a reasonable doubt that the Republicans were on the side of providence, indicted the GOP on 10 felonious counts, and found it guilty as charged.

Judging by the way the Democrats reacted, it was one of the most rousing speeches ever heard at a political convention.

Bucks Delegate Sees Adlai On 2nd Ballot

Adlai Stevenson will be nominated on the second ballot, it was predicted today by Walter A. Hilsbos, of Bensalem Township, a delegate to the Democratic National Convention.

In a telephone interview with the Courier and Times this morning, Mr. Hilsbos said there is a lot of "hustle and bustle" in Chicago. He explained that "everybody wants to talk to you."

Mr. Hilsbos said the endorsement by former President Harry S. Truman of Averell E. Harriman had made everything "red hot," but added that Mr. Stevenson "was holding his own."

Commenting on last night's keynote address by Tennessee Governor, Frank G. Clement, Mr. Hilsbos said, "he is my man for vice president any day." He said the Tennessee governor showed that he was "vice presidential material by the rousing speech he delivered."

"Of course I'm not ruling out Governor Leader (Pa). He has a good chance to make it and is considered one of the top ten choices."

The Bensalem delegate reported that he and his wife were enjoying themselves. A program of social events had been arranged for the delegates' wives.

Mr. Hilsbos said he and his wife met Mr. Stevenson several times and "chatted with him."

The first meeting was Saturday night at a party given by the California delegation.

"We arrived Saturday morning and checked in at the Morrison Hotel, which is headquarters for the Pennsylvania delegation. Shortly after we arrived we managed to get an invitation to the California party."

He said he had also met Mr. Harriman, "but only for a handshake."

On the fight for the presidential nomination, Mr. Hilsbos said "a lot of delegations are starting to weaken." But he didn't explain whether he meant they were leaning for Stevenson or Harriman. But he added that Mr. Stevenson would not have any trouble.

"He has a pile of votes and should win on the second ballot. Of course there will be Harriman votes, there always will be. We don't want all the votes, just enough to win," Mr. Hilsbos added.

He said he didn't think the boom for Senator John Kennedy, of Massachusetts, would amount to anything. Sen. Kennedy is being backed by a coalition of New England states.

"You can understand what they are doing, but I don't think they will win," he said.

Today's Weather

Partly cloudy, warm and humid today with scattered showers or thundershowers ending early tonight. Highest in the middle and upper 80's. Tomorrow fair and not quite so warm with highest 80 to 85.

Stevenson Bandwagon Hits Snag

Favorite Son Booms And Holdout Delegates Hurt Front Runner

By RAYMOND LAHR
CHICAGO UP — Adlai E. Stevenson's hopes for early victory in the Democratic presidential sweepstakes ran into some roadblocks today in the form of a new favorite son boom and holdout delegations.

The former Illinois governor was still front runner in known delegate preferences and was still the best bet for ultimate victory in the second day of the 1956 Democratic National Convention.

But his drive for the added 100-plus delegates he needs ran into a growing determination by some Southern states to hold back final commitments until they see whether the convention adopts a civil

Good Evening!

Democrats whooping it up.

Greatest show up to advance billing as Tennessee's young Governor Clement gives the country an old-fashioned dose of political hell's fire and brimstone reminiscent of a by-gone era when William Jennings Bryan stumped the hustings vainly in pursuit of the jackpot prize.

The gunner did quite a job of it. A lot of big elephant ears should be burning today and you know something? You don't hear and see such oratorical histrionics any more these days.

The fellow who enjoyed himself most at the opening of the clam-bake seemed to be none other than happy H. S. T.

But take it easy. The GOPers will be having their day next week.

Take it easy again. From now until the November vote is counted the whole country, the whole world are going straight to hades if you believe everything the politicians would have you believe.

And, as usual, curiously enough, when election day is over the old country will be perking along just like it's always perked.

Hot, humid and sticky. If we're going to get that rain, let's get it. Plenty up around Newtown, Buckingham and Doylestown way last night.

Another gal we'll have to keep our eyes on, apparently.

Husband: "It was postponed. The wife of the Grand Exalted Invisible Supreme Potentate wouldn't let him out tonight."

It's always easier to arrive at a firm conviction about a problem after you know what the boss thinks.

Just to keep the definition straight: Poor people have kin-folks; the well-to-do have relatives; and the rich have heirs.

If you drive, be careful.

Hurricane Spares Miami, Heads North

MIAMI — UP — Hurricane Betsy spared Miami today in a thunderous approach toward the U. S. mainland with winds of 120 miles an hour.

The mighty storm at 12 noon (EDT) was centered 230 miles east of West Palm Beach and was lumbering through the Atlantic on a northwest course that was expected to bring it ashore late tonight or tomorrow morning.

All coastal residents had been warned well in advance of the dangerous tropical storm. Tourist-packed Miami, which

Levittowners Set To Equip Tot Lot Areas

Dogwood Hollow, Junewood Residents Formulate Plans

Play equipment will be on the new Dogwood Hollow - Junewood sections tot-lot by the end of this month, Mrs. James Boyle, tot lot committee member said today.

Residents of the area met last night at her home to formulate plans for the installation of recreational equipment on the playground site recently turned over to the Bristol Township Board of Commissioners by Levitt and Sons, Inc.

Mrs. Boyle said that lumber will be donated by Mr. Eldon Cherry of 89 Dogwood drive who had also offered to construct sand boxes for the site. He will be assisted by Mr. Bernie Wolfson of 202 Dogwood drive and Mr. James Boyle.

To Buy Swings
The former Dogwood Women's Club now dissolved, will turn over approximately \$55 left in the club treasury for the purchase of swings, Mrs. Boyle explained.

In addition, she said, several women have volunteered to serve on a ways and means committee, to plan fund raising events with proceeds for more equipment.

Mrs. Emily Rivers and Mrs. Helen Firko are in charge of the committee. Interested families are invited to contact either of the women if they wish to help in the activities.

The group also intends to contact the Philadelphia Electric Company and request permission to use a right of way for access to the playground area directly from the Dogwood section.

Man Held On Morals Charge

Joint efforts of Upper Southampton and State Police of the Doylestown barracks brought about the arrest of a Trevoise man yesterday on a morals charge.

Lewis Marlin, 55, of Welden avenue, was apprehended after complaints were filed by a 13-year-old Southampton youth.

Yesterday's arrest climaxed two days of investigation by Detective Edward Gottschling of Upper Southampton and State Police.

Detective Gottschling said he called in State Police when he learned the alleged offense took place in the latter's territory.

Marlin is being held in Bucks County Prison for further hearings, according to State Police at Doylestown.

The complaint of the 13-year-old boy was filed with Upper Southampton authorities. The alleged sex violation occurred Aug. 11, State Police reported.

Morrisville Man Injured In Crash

Howard F. Anderson, 25, of Morrisville, is in Mercer hospital, Trenton, following an automobile accident at 12:15 a.m. today in Trenton.

After striking a parked car in the 1500 block of Princeton avenue, Anderson was rushed to the hospital by Trenton police.

Three stitches were required to close a head wound. He was detained for observation.

Trenton Policemen Richard Chorb and Otto Schutt, charged Anderson with careless driving.

Beauty Contest Entrants

The Queen of the Delaware Valley Contest deadline for entries has been extended to Monday with final judging to be announced. The grand prize for the event will be a \$1200 scholarship to the Bessie V. Hicks American Foundation of Dramatic Arts plus \$250 in cash for expenses. Entries above are: (from left) Eileen Talbot, Jeri Hollingsworth, Beatrice Grabowski, Florence M. Bowker, Doris Wahl, Suzanne Mullins, and Frances Conrad.

Demos Stirred By Clement Speech

CONVENTION HALL, Chicago — UP — Frank G. Clement started shouting at 10:18 p.m. (EDT),

When he stopped at 11:03 p.m., it was a good thing no Republicans were around. Those Democrats would have eaten 'em alive.

One flush-faced delegate ventured the opinion it was the greatest keynote address ever delivered. Anyway, he said, "it was terrific — just terrific."

Tennessee's 36-year-old governor had two ideas he wanted to get across last night: at the second session of the 1956 Democratic National Convention. In paraphrase they were:

1. Republicans are scoundrels. But they are rich and powerful scoundrels.

2. So to get them out of Washington the Democrats will have to fight! fight! FIGHT!

He convinced those Democrats, though not without a struggle. An ordinary person might have figured that getting Democrats to hate Republicans wouldn't take much doing.

Not Frank G. Clement of Tennessee. He worked at it. He sweat. Despite the air-conditioning gadgetry they've built into the lectern at this convention, featuring a cool jet that hits the speaker in

40 Residents Demand Firm Take Action

Committee To Inspect Homes With Attorney

By GORDON PARKER
Courier and Times Staff Writer

Builders of Broadway Manor today said they would be willing to drop criminal charges that sent four mothers to prison over the weekend, and consider residents' complaints that caused the furor.

The four women were arrested Saturday night on a "public nuisance" charge brought by the builders after they picketed Laurel Bend Homes, in protest of conditions in their community.

The women spent 12 hours in Bucks County Prison and the Falls Township jail until they each could raise \$500 bail.

Charles Fink, attorney for August J. Hertweck, of Philadelphia and Bertram W. Rudy, of Langhorne Manor, the builders of Broadway Manor, who swore out

the warrants, said today, "we don't want to prosecute these women. But we don't want to be persecuted either."

No Right to Picket

Fink insisted that the residents had no right to picket Laurel Bend which is being built by a different firm. But the residents pointed out that Hertweck and Rudy are principal holders in the two firms that built Broadway and are building Laurel Bend.

About 40 of the residents "still boiling mad" over the arrests, met last night at the home of Mrs. Warren Seese, 3102 Midway lane.

They demanded that the charges be dropped against the four women before they would meet with the builders.

They also demanded "positive assurances" that none of them would have to "undergo the hu-

Workmen officially started the project that is expected to be finished in six months. Comprising a site some 4 1/2 acres adjacent to the present enameling plant, the area is opposite Kaiser's administration building.

Man Jailed On Failure To Pay Fines

A Trenton man charged with failure to pay fines on four motor violations in Morrisville July 5, was picked up this morning by Falls township police on a warrant, and turned over to Morrisville police.

Ernest Tate, of 132 North Willow street, is being jailed for non-payment of \$40 fines and \$20 costs. While working at the Cartex Corporation, Morrisville, this morning, he was arrested by Falls police.

He was fined for speeding, operating without a driver's license, failure to transfer registration plates, and reckless driving.

Morrisville policeman Joseph Di'Georgio said Tate had been speeding at 65 miles an hour on Philadelphia avenue last month.

Levittowners File Suit

A Levittown couple has filed suit in Bucks County Common Pleas Court to collect \$3,500 for injuries suffered in an automobile accident with another Levittowner.

Mr. and Mrs. Richard M. Pomerance, 36 Mackintosh road, Mill Creek Falls, are asking that amount from Alton C. Brandt, 6 Cornflower lane, Crabtree.

The couple said they both suffered head injuries when their car was hit by Brandt's on January 23, 1955, across from the Levittown Lanes Bowling Alley, on Newportville road.

Mr. Pomerance is seeking a total of \$2,500 which includes his medical expenses, and \$230.71 in damages to his automobile.

His wife is seeking \$1,000 for medical expenses.

Mr. and Mrs. Pomerance claim that Brandt went through a traffic signal and "carelessly and with no regard for the safety of others" hit their car.

"I go therefore hopefully and with confidence that we will find a peaceful solution," he said.

Dulles talked with the President for 40 minutes. Afterward he went before television cameras to make his statement.

Obituary

GEORGE METZ

George Metz, 40, husband of Mrs. Ruth Rumpf Metz, of Chingquapin road, Holland, died suddenly of a heart attack at Long Beach Island, N. J. on Sunday. Mr. Metz was stricken earlier in the day while he was fishing.

Born in Philadelphia, he was the son of William Metz and the late Minnie Haag Metz. He was a veteran of World War II.

His wife and father are his only survivors.

Funeral services will be held tomorrow at 2 p.m. from the William W. Dunn Funeral Home, 378 South Bellevue avenue, Langhorne, with the Rev. John A. Harvey, pastor of the Langhorne Presbyterian Church officiating. Interment will be in Forest Hills Cemetery, Somerton.

Friends may call at the funeral home this evening 7 to 9 o'clock.

Hospital Treats 3 After 2 Crashes

Two automobile accidents in Falls Township yesterday occurred on the same road less than an hour and a half apart, sending three drivers to Mercer hospital in Trenton for treatment of minor injuries.

The first accident on West Trenton avenue near the Morrisville Theatre happened at 4:07 p.m. when a car driven by R. A. Soden, 25, of 35 Alden avenue in Trenton, pulled out to pass another car while traveling east. Police said Soden's car sideswiped an auto driven by C. W. Voorhees, 17, of 5696 Grand Ave., West Trenton which was traveling west.

Treated For Abrasions Soden was taken to Mercer hospital where he was treated for abrasions of the left knee. He was charged with traveling too fast for conditions by Falls Township police.

In the same vicinity near the Morrisville airport, a car driven by John Stalb Jr., 24, of 30 Idolstone road, Levittown, and another driven by Helen D. Reedman, 30, of 1014 Yardley road, Yardley, collided at 5:20 p.m.

Veers Off Road Miss Reedman told police that a car was headed toward hers in her lane when she veered off the road in an attempt to avoid a collision. When she came back onto the road, she said, her automobile collided with Stalb's.

Both were taken to Mercer hospital, and discharged after examination and treatment.

Favorite Son Booms Snagging Stevenson

(Continued from Page One) his main idea in coming out for the New Yorker was to give the convention "a good stirring up."

Of Harriman he said, "I know he can win the election, but the nomination has got to be worked out." Johnson Role Puzzling The role of Senate Democratic Leader Lyndon B. Johnson, Texas' favorite son, continued to be something of a puzzle. There has been some talk that the real fight will be between Stevenson and Sen. Stuart Symington (D-Mo.) with Johnson perhaps wielding king-maker powers.

But Johnson, who now says he's a "serious" candidate for the nomination himself, declared that "no one has offered me any kind of deal" and that there is nothing mysterious about what goes on at his headquarters.

Croydon Unit Seeks Charter The Organization for Croydon Borough last night voted to apply for a state charter, following a talk by its attorney Walter W. Jackson.

Jackson told the group that individual members could not be held financially responsible for any debts of a chartered organization. Also he said application for a charter would show the group was "determined in its purpose."

The group also distributed about 40 citations to members for "untiring efforts and strenuous work" in behalf of the community good, and others.

Mr. Truman meanwhile was still boosting Harriman. He said

Machine Pleases Pennsbury Board

A \$5720 bookkeeping machine was the "object of board members' affection" last night at the session of Pennsbury Joint school board.

The machine, a Remington Rand, proved its worth since it was purchased July 1, officials noted. The financial statement issued to members, was the first prepared with the use of the new machine, and the board was pleased.

At present, two persons on the school staff can operate it, according to Medill Bair, regional superintendent of schools. Two others are being trained.

Formerly, bookkeeping by hand alone was performed in the district's main offices.

Seeing Levittown

By LYDIA BOGANE

Levittowners who have been down to the shore lately tell us Bob Horn's Bandstand show is appearing almost nightly on the Boardwalk at Wildwood, N. J. Still others say they saw publicity which put his bandstand show in the vicinity of Allentown earlier this month. Former disk-jockey on a Philadelphia TV outlet, he's a favorite with the teenagers. The Horns live in the Snowball Gate section of Levittown.

Thirty-seven little blue gills, sunnies, and catfish, from Lakeside Lake were the victims of an outdoor fish fry held on Marigold Circle in Magnolia Hill this past week. The fishermen were Jack, Craig, and Barbara Glasheen of 12 Marigold Circle and John, Michael and Margaret Murray of 1 Marigold Circle. Everybody pitched in with the eating of the hors d'oeuvres sized fish, but the official catch credit goes to Jack, Craig, and Michael. The oldest of the crowd is 13.

Out of Philadelphia comes word that the city's Board of Education educational television station to open this fall will feature programming aimed at the heavily populated Lower Bucks County area. Educators of our school districts will be contacted to have local schools participate. John Ulrich, formerly of WCAU-TV and now administrative head of the station is hoping for big things from this area.

Bricker Examines Middletown Books

Dr. Glenn Bricker, of Levittown, said today that in examining the minutes of the Middletown Board of Supervisors this morning, he was unable to find any evidence of a contract for police protection between the supervisors and the operators of the Langhorne Speedway.

He also claimed that six and a half pages in the minute book are "absolutely blank." These six and a half pages preceded the meeting of May 21, he said. "The township manager did not explain these blank pages," said Dr. Bricker.

Dr. Bricker asked to examine the books after a series of disputes with the supervisors and police chief. The supervisors have maintained that the township police officers were working at the Speedway under an agreement with the supervisors. Dr. Bricker charged the officers were working illegally.

Falls Police Probing Burglary

Falls Township police are investigating a burglary at Buckley's Hardware store in the Leeper Village Shopping Center where \$146 in cash and \$100 worth of merchandise were taken from the store safe.

Lt. Julius Meszaros said he was called to investigate yesterday around noon and found the store safe had been forced. The burglary, he said, apparently occurred in the early morning.

The loss was discovered by Wallace McCamish, 10 Birch drive, Levittown, a store employee. He called Falls Township police soon after opening the store.

The shopping center site is located on the Newportville-Fallsington road.

Detective Post

Bristol Borough council last night created the post of Sergeant of Detectives. The man who fills the office will head the Borough's Detective bureau.

Pennsbury Sees Danger As Ended

Pennsbury joint school board members last night voted to discontinue school bus transportation from Birch Valley to the Manor elementary school. Previously, the walk included passing an area where road construction temporarily made it "dangerous" for the children.

"I personally don't consider it dangerous for the youngsters, now," said Medill Bair, regional superintendent of schools. The board agreed to have school crossing signs installed in that area, on Birch Valley pass and Penn Valley road.

In other business, the school board awarded a contract to J. W. Blackwell, of Yardley, low bidder for installation of a new steam boiler and oil burner in the Edgewood school, Woodside. Completion date for the work is Sept. 21.

\$6800 Bid Lowest

Mr. Blackwell's \$6800 bid was lowest among five opened last night at the board's regular monthly meeting. The others were: Carriel Engineering company of Philadelphia, \$9257; F. Perstein and Sons, Trenton, \$10,990; Henry A. Perioti, Bristol, \$9968.91 and W. G. Rittler and Son, Bristol, \$8,253.

A Petro oil burner and an H. B. Smith-Mills steam boiler will be installed.

Present at the session to help board members decide on the bids were: Charles Barry, of Belant and Clauss, Trenton engineers, and Ronald Vaughn, architectural representative.

Alternate Named

Warren Beach, new treasurer of the Bucks county technical school, was named alternate for the Pennsbury joint school board last night. A member of the Lower Mafekfield board, Mr. Beach lives on Orchard Way, Yardley RD.

Sept. 2 is the next date set for a regular meeting of the School Board.

Winds Smash Two Trailers

LANSDALE, Pa. — UP—What may have been a small tornado hit east of here late yesterday causing widespread damage to property.

Two house-trailers in Montgomery Square, three miles east of here, were destroyed when the violent wind lifted them from the ground and smashed them to earth, 100 yards across Bethlehem pike. Seven other trailers were bowled over.

In addition to causing some home and crop damage in the area, the wind ripped down electric wires. About 100 homes in the area were without power for more than two hours.

Boro Lists \$16,793 In Unpaid Taxes

Joseph A. Ferry, Bristol Borough Tax Collector, turned over to the Borough treasurer, 22 pages of taxables which appear to be unpaid on the 1955 Duplicate, amounting to \$16,793.20.

Mr. Ferry asked the Council last night at a meeting in the Municipal Building to appoint him collector of delinquent taxes to exonerate the unpaid occupation and per capita taxes.

Falls Board Awards Contracts

The Falls Township School board last night awarded contracts for landscaping and the purchase of musical instruments for two schools.

One contract for \$2250 was awarded to Rickert's Nursery for landscaping the Manor Elementary school in Levittown.

Another, for \$2,649.95 went to Fred W. Greenlee for landscape work planned for the William Penn Junior High school.

Several individual contracts totaling \$1,982.65 were assigned to purchase musical instruments for the Junior High school in Fairless Hills.

militating and degrading experience" which happened to the women and that the builders would correct all the faults with their homes.

Without these assurances the group stated they would attend the hearing for the four women "en masse and prove their innocence."

Overflowing Tanks

Most of the residents' complaints centered around overflowing septic tanks and improper grading and drainage. They said that these conditions made their bathroom and toilet facilities useless because they constantly overflowed.

Fink recognized that "sanitation was the most urgent problem" and said it would be discussed by the builders when they met with residents.

Last night Harry Lundholm, of 3102 Broadway avenue, acting chairman, announced that Fink had contacted their attorney "with a view towards correcting all of the complaints on their properties."

Broadway Manor is located off Newport road, which runs behind the Bristol cemetery off Route 413. The community lies about two miles from Laurel Bend, which is on Bath road.

After reporting on the latest developments Lundholm said, "If our conditions aren't met we will go to the hearing and prove these women innocent."

He requested all of those present to attend the hearing and asked everyone else interested in the case to also attend.

Lundholm reported that their attorney, Anthony Mandio, of Bristol, would meet with a committee of the residents today to inspect the homes. Then tonight he would again meet with the committee to draw up a list of conditions for settlement of the dispute. Lundholm said all negotiations with the builders would be conducted by Mandio and "only if the builders are interested."

The four women who spent the night in jail are: Mrs. Margaret Beschert, 29, of 3104 Broadway avenue; Mrs. LuVerla Riggle, 32, of 1409 Fourth avenue, Mrs. June Lundholm, 32, of 1409 Fourth avenue, and Mrs. Mary Owen, of 3108 Broadway avenue.

All attended last night's meeting and stated they didn't seek any personal gain from their situation.

150 Attend Services Held At Drive-In

Nearly 150 people attended the second drive in church service held Sunday at the Roosevelt Theatre, the Rev. L. Thomas Moore, pastor of the Emille Methodist Church of Levittown said today.

The Rev. Moore said about 26 cars, several of whom were from other states were on hand for the outdoor services.

Beginning next Sunday, tape recordings of the Emille choir singing hymns will be integrated in the program. Previously phonograph recordings had been used, he said.

The services are held each Sunday at 9:30 a.m. at the Route 1 site. They are expected to continue throughout the summer and into the month of September.

The Emille Methodist church of Levittown conducts the religious ceremony in addition to regularly scheduled services at the church site on the Newportville-Fallsington road.

Demos Stirred

(Continued from Page One) the midriff, Clement generated so much heat that the moisture poured from his forehead and neck.

Clement is a handsome young man with rich brown wavy hair and only a slightly noticeable balding spot at the crown. His deep set eyes are dark blue and so, last night, was his single-breasted suit. His face was appropriately tinted for TV.

He brought to his keynote role evangelical zeal and the fruits of a Bible-reading Methodist upbringing plus training in the law.

He dedicated the Democratic Party to the "greater glory of God," created a reasonable doubt that the Republicans were on the side of providence, indicted the GOP on 10 felonious counts, and found it guilty as charged.

Judging by the way the Democrats reacted, it was one of the most rousing speeches ever heard at a political convention.

Club To Discuss Incorporation

The latest "incorporation" developments and the club's policy in relation to them will be discussed at a meeting of the Falls Township Republican club scheduled for Thursday at 8:30 p.m.

Final plans for the registration drive and the goal of 1000 new Republican registrations in the township also will be discussed.

The progress reports on the Second Annual Falls Township Republican Club picnic to be held Sept. 16 at the St. Francis Industrial school grounds will be heard.

According to Jim Praul, picnic chairman, approximately 200 tickets have already been sold and daily receipts for tickets have been up to expectation.

\$500 Bail Is Set On Drunk Charge

John L. Sims, 36, of 209 Kosuth street, Trenton, was ordered held under \$500 bail on a drunken driving charge today by JP Earl B. Dougherty, of Edgely.

Sims was arrested by Sgt. Ernest Nuskey, of Bristol Township police, at 1:05 a.m. today at Beaver Dam road and Green lane. Sgt. Nuskey said he spotted Sims weaving along Route 13 and turn into Green lane. After the officer stopped the suspect he took him to Lower Bucks County Hospital where Sims was pronounced intoxicated.

TRY THE CLASSIFIEDS

It doesn't cost a cent to
Take a Ford Test Drive...
and you may save hundreds!

August is Saving Season at your
Ford Dealer's. Bag a deal while he
clears his decks for the '57 models.

Would you trade 20 minutes of your time for a saving of hundreds?

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford scat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-Joint suspension

with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Another important factor is the way Fords are consistently styled for the years ahead. And if there ever was a Ford built to stay in style it's this 1956 job. For America's favorite dream car—the Ford Thunderbird—was its styling inspiration.

Then, there's this matter of safety. Ford offers you the extra protection of its exclusive Lifeguard Design. Time and again folks have told us how this family of safety features has prevented serious injury in accidents.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

There are many cases where "medium-priced" cars claim to be priced within a few hundred dollars of Ford. Remember, however, these prices are usually arrived at by comparing their lowest-priced models—stripped—with Ford's most expensive models that include all of the comforts of driving.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

FORD goes first

NOW! A FORD with AIR CONDITIONING costs less than many medium-priced cars without it. TRY ONE TODAY!

Bucks Delegate Sees Adlai On 2nd Ballot

Adlai Stevenson will be nominated on the second ballot, it was predicted today by Walter A. Hilsbos, of Bensalem Township, Bucks delegate to the Democratic National Convention.

In a telephone interview with the Courier and Times this morning, Mr. Hilsbos said there is a lot of "hustle and bustle" in Chicago.

He explained that "everybody wants to talk to you."

Mr. Hilsbos said the endorsement by former President Harry S. Truman of Averell E. Harriman had made everything "red hot," but added that Mr. Stevenson "was holding his own."

Commenting on last night's keynote address by Tennessee

Governor, Frank G. Clement, Mr. Hilsbos said, "he is my man for vice president any day." He said the Tennessee governor showed that he was "vice presidential material by the rousing speech he delivered."

"Of course I'm not ruling out Governor Leader (Pa). He has a good chance to make it and is

considered one of the top ten choices."

The Bensalem delegate reported that he and his wife were enjoying themselves. A program of social events had been arranged for the delegates' wives.

Mr. Hilsbos said he and his wife met Mr. Stevenson several times and "chatted with him."

The first meeting was Saturday night at a party given by the California delegation.

"We arrived Saturday morning and checked in at the Morrison Hotel, which is headquarters for the Pennsylvania delegation. Shortly after we arrived we managed to get an invitation to the California party."

He said he had also met Mr. Harriman, "but only for a handshake."

On the fight for the presidential nomination, Mr. Hilsbos said "a lot of delegations are starting to weaken." But he didn't explain whether he meant they were leaning for Stevenson or Harriman. But he added that

Mr. Stevenson would not have any trouble.

"He has a pile of votes and should win on the second ballot. Of course there will be Harriman votes, there always will be. We don't want all the votes, just enough to win," Mr. Hilsbos added.

He said he didn't think the boom for Senator John Kennedy, of Massachusetts, would amount to anything. Sen. Kennedy is being backed by a coalition of New England states.

"You can understand what they are doing, but I don't think they will win," he said.

Stevenson Band Scents Demo Victory

Strategy Seeks 50 Votes From Kefauver Delegates

CHICAGO UP — Adlai E. Stevenson scented victory in the air today and opened a drive which he hoped would bring him enough delegates to win the Democratic presidential nomination on an early ballot.

Stevenson was safely over the first roadblocks thrown up against him by the stop-Stevenson forces at the Democratic National Convention. He has a better than two to one margin in rock bottom delegate strength over Gov. Averell Harriman of New York. In the face of former President Truman's endorsement of Harriman, the Stevenson forces not only held their strength intact, but were slowly increasing it.

The Stevenson strategy today was to cash in on the action of Sen. Estes Kefauver, who with-

Florida Coast Gets Set For Hurricane

MIAMI — UP — Hurricane Betsy pounded the Bahamas with 120-mile an hour winds today and thundered in the direction of the heavily populated Florida east coast less than 300 miles away.

Three were reported killed and thousands were homeless in the islands of the Atlantic.

Miami itself received a brief note of optimism in a 9 a.m. EDT weather bulletin that indicated the mighty tropical storm may swing further up the coast and spare the city the worst punishment.

"If the present course is maintained it may be necessary to extend the hurricane warnings a bit further north of Melbourne," the bulletin said. "At the same time

40 Residents Demand Firm Take Action

Committee To Inspect Homes With Attorney

Builders of Broadway Manor today said they would be willing to drop criminal charges that sent four mothers to prison over the weekend, and consider residents' complaints that caused the furor.

The four women were arrested Saturday night on a "public nuisance" charge brought by the builders after they picketed Laurel Bend Homes, in protest of conditions in their community.

The women spent 12 hours in Bucks County Prison and the Falls Township jail until they each could raise \$500 bail.

Charles Fink, attorney for August J. Hertweck, of Philadelphia and Bertram W. Rudy, of Langhorne Manor, the builders of Broadway Manor, who swore out

the warrants, said today, "we don't want to prosecute these women. But we don't want to be persecuted either."

No Right to Picket Fink insisted that the residents had no right to picket Laurel Bend which is being built by a different firm. But the residents pointed out that Hertweck and Rudy are principal holders in the two firms that built Broadway and are building Laurel Bend.

About 40 of the residents "still boiling mad" over the arrests, met last night at the home of Mrs. Warren Seese, 3102 Midway lane.

They demanded that the charges

Man Held On Morals Charge

Joint efforts of Upper Southampton and State Police of the Doylestown barracks brought about the arrest of a Trevose man yesterday on a morals charge.

Lewis Marlin, 55, of Welden avenue, was apprehended after complaints were filed by a 13-year-old Southampton youth.

Yesterday's arrest climaxed two days of investigation by Detective Edward Gottschling of Upper Southampton and State Police.

Detective Gottschling said he learned the alleged offense took place in the latter's territory.

Marlin is being held in Bucks County Prison for further hearings, according to State Police at Doylestown.

The complaint of the 13-year-old boy was filed with Upper Southampton authorities. The alleged sex violation occurred Aug. 11, State Police reported.

Bensalem Sets Final Bike Tagging

Bensalem Township youngsters, who have not had their bicycles inspected, are urged to do so Saturday between 9 a.m. and 3 p.m. at the municipal building, Route 13 and Newportville road, Eddington.

Demos Stirred By Clement Speech

CONVENTION HALL, Chicago—UP—Frank G. Clement started shouting at 10:18 p.m. (EDT).

When he stopped at 11:03 p.m., it was a good thing no Republicans were around. Those Democrats would have eaten 'em alive.

One flush-faced delegate ventured the opinion it was the greatest keynote address ever delivered. Anyway, he said, "it was terrific—just terrific."

Tennessee's 36-year-old governor had two ideas he wanted to get across last night at the second session of the 1956 Democratic National Convention. In paraphrase they were:

1. Republicans are scoundrels. But they are rich and powerful scoundrels.

2. So to get them out of Washington the Democrats will have to fight! fight! FIGHT!

He convinced those Democrats, though not without a struggle. An ordinary person might have figured that getting Democrats to hate Republicans wouldn't take much doing.

Not Frank G. Clement of Tennessee. He worked at it. He sweat. Despite the air-conditioning gadgetry they've built into the lectern at this convention, featuring a cool jet that hits the speaker in

Second Street Widening Due Next Week

Sidewalk Details Yet To Be Ironed Out By Southampton Officials

The long-awaited \$150,000 reconstruction of Second Street pike, Southampton, will probably start Monday, it was announced today by the State Highway Department at Ardmore.

Although a few details must await final clearance, Trinity Paving Company of Philadelphia may begin work regardless to enable them to complete the project before winter. Walter Bruce of the highway department explained that Trinity has the option to do such.

A special meeting of State Highway, Trinity and Upper Southampton officials was held yesterday in Ardmore, at which time right-of-way difficulties were discussed.

The question of sidewalk construction, which has delayed the start of work, was solved "to some extent," it was reported.

Meet With Residents

Local officials will meet with the property owners of Second Street pike and ask for a free release on sidewalk construction. If granted, the township will underwrite the sidewalk portion of the project, Mr. Bruce said. If not, the township will still underwrite the curbing and ask the property owners to construct their own sidewalks at a later date.

Despite the sidewalk talks, construction of the pike itself will get underway, it was explained. Sidewalks will be the last part of the program.

The reconstruction project will bring long-desired widening of the pike. The entire road will be re-built, highway officials explained.

At yesterday's meeting the legal right-of-way was reduced from 60 to 50 feet, Mr. Bruce said. This helped solve one of the difficulties and permits the start of construction, he added.

Feasterville Fire Police Captain Is Appointed

L. S'hampton Library To Fill Post

A vacancy on the committee which governs the new Lower Southampton Library at Feasterville will be filled Monday, according to Stanley Steinke, chairman.

The one-year term will be filled by the township recreation board, the body which recently approved the library committee's by-laws. Library officials have not indicated their choice.

Other committee members are Drayton Mayers and Richard Smith, five-year terms; Mrs. Vernon Platt and Russell Leonhard, four-year terms; Stephen Pulak and Edward Filemyr, three years; and Ray Ivins and Mr. Steinke, two years.

Appointments to the library committee are always made by the Lower Southampton Recreation board, Mr. Steinke explained.

Lower Southampton's library is located in the basement of the Feasterville Elementary school. It opened in May.

A Dog Tale

Yesterday was "Dogs' Day" in Edgely. A pet show for over 20 children was staged at the headquarters of the Bucks County Chapter, Pennsylvania Association for Retarded Children. Prizes were awarded for the smallest, funniest, largest dogs, and others. In charge of the affair was Felicia Serafica, head counselor. (Courier and Times photo.)

W. Schofield Named To Fill Vacancy

William C. Schofield, of 341 Street road, Feasterville, has been appointed captain of the Feasterville Fire police, it was announced last night by Paul Flynn, Lower Southampton Township manager.

Notification of the appointment comes from the Feasterville Fire company and was read to the public at last night's regular session of the township supervisors.

Captain Schofield replaces Leon Clark, who resigned, said Mr. Flynn.

Assumes Duties

The captain, who has 11 men under his command, assumed duties immediately, a fire company spokesman said. His new duties call for proper handling of traffic at fires and at parades, and the elimination of traffic hazards among other things.

He was sworn in at ceremonies at the Feasterville Fire House, it was reported.

Captain Schofield has been with the Feasterville Fire company since moving to that community seven years ago. He resides with his wife, Edith.

Thank Residents

Fire company officials have also expressed thanks to the people of the Feasterville area for supporting the 1956 fund drive.

"We want to thank all those who helped make our drive a success," said Elwood Jones, campaign chairman. "The funds collected," continued Mr. Jones, "will, as always, be used to maintain our present equipment and help furnish new equipment to make our company one of the best in the county."

Football Film On Tomorrow

"Triple Threat," a movie starring ex-football star Sammy Baugh, will be shown on the grounds of the Lower Southampton Elementary School, Bridge-town pike, tomorrow night.

Over 300 persons are expected to watch the outdoor film, the 16th in a series of 18 motion pictures being shown as part of the township's recreation program this summer.

The two remaining films, "To the Ends of the Earth" with Dick Powell and "The Bandit of Sherwood Forest" with Cornel Wilde, will be shown Aug. 17 and 22, respectively.

Other events sponsored by Lower Southampton's recreation board this week include a "wheels show" on Thursday morning, followed by a party and movies that afternoon. Midget baseball and girls' softball games are scheduled for Thursday night. The boys and girls will spend tomorrow at Playwick Park.

A bathing beauty contest is on the agenda for next Tuesday, and a fishing party is listed for the following Thursday.

The summer recreation program will close Aug. 23 with a special playground party followed by "parents' play night."

L. S'hampton Tree Menace

A Lower Southampton tree is threatening people in Bensalem Township it was claimed at last night's meeting of the Lower Southampton supervisors.

Bensalem residents between Avenue B and Avenue C, on Brownsville road, Trevoise Heights, claim a large tree across the street in Lower Southampton is ready to fall on their homes.

The protesting residents claim that they are endangered every time it rains.

Lower Southampton supervisors said they had looked into the situation and will continue to investigate. They said the tree is on ground owned by a party in Philadelphia.

Camill Stroh, chairman of the board of supervisors, said State officials and representatives from the Department of Forests and Waters would be invited to view the condition.

In other business the township officials agreed to investigate complaints by Mrs. Douglas Gardner, 20 Hilltop road, and James Barrett, 16 Hilltop road, that trees are being chopped down behind their properties.

"You could go down there and you couldn't find yourself a good leaf," said Mrs. Gardner.

Street Lighting

(Continued from Page One) Roads are yet to be accepted by the township.

The supervisors announced they would contact proper authorities and push for installation of the lights.

Ground Breaking For \$1 Million Plant

Fred H. Bechill, vice president and assistant general manager of Kaiser Metal Products, removes the first dirt marking ground breaking for Kaiser Metal's new \$1,000,000 warehouse on Radcliffe street, Bristol. Shown with him yesterday are (from left) L. W. Wyman, works manager; Mark Self, material director; W. K. Palmer, controller; Guy H. Curtis, general sales manager, commercial products; Edward Trauger, of McClain Construction Company, Inc., of Philadelphia; Charles Cohen, president of McClain Construction, and Joseph Wolforth, chief tool engineer. Workmen officially started the project that is expected to be finished in six months. Comprising a site some 4½ acres adjacent to the present enameling plant, the area is opposite Kaiser's administration building.

40 Residents Ask Firm Take Action

ed everyone else interested in the case to also attend.

Lundholm reported that their attorney, Anthony Mandio, of Bristol, would meet with a committee of the residents today to inspect the homes. Then tonight he would again meet with the committee to draw up a list of conditions for settlement of the dispute.

Lundholm said all negotiations with the builders would be conducted by Mandio and "only if the builders are interested."

The four women who spent the night in jail are: Mrs. Margaret Bescript, 29, of 3104 Broadway avenue; Mrs. LuVera Riggle, 32, of 1409 Fourth avenue; Mrs. June Lundholm, 32, of 1409 Fourth avenue; and Mrs. Mary Owen, of 3108 Broadway avenue.

All attended last night's meeting and stated they didn't seek any personal gain from their satisfaction. "We did this for the community and we know other women would have done the same thing," they said.

They were arrested Saturday night following all-day picketing at Laurel Bend by 24 residents. The residents stated they were on private property and had permission of the owner when they picketed. They were released Sunday afternoon when bail was posted.

Frank Flatch, chairman of the Bucks County Federation of Trade and Industrial Unions Council, today said the arrest of four mothers for picketing Laurel Bend Homes has "outraged organized labor in Bucks County."

He said that if any legal rights were infringed by the picketing group of Broadway Manor residents, "ample redress could have been obtained by bringing civil procedures before the Bucks County Courts."

After reporting on the latest developments Lundholm said, "If our conditions aren't met we will go to the hearing and prove these women innocent."

He requested all of those present to attend the hearing and ask the firm to take action.

Deadline Extended For 'Queen' Entries

With entries coming in from as far as Philadelphia, the Levittown Businessmen's Association today decided to extend the deadline of entries in the "Queen of the Delaware Valley" contest up to and including August 20 with the final date of judging to be announced.

With a grand prize of a scholarship to the Bessie V. Hicks American Foundation of Dramatic Arts plus \$250 cash for expenses, the contest is attracting the more ambitious type of young lady, who, although not necessarily interested in a theatrical career, is, however, most anxious to improve her poise, voice, vocabulary and personal charm to enhance her social graces.

The winner of the contest will be under the personal supervision of Wilbur Evans, popular leading man of two continents as a result of his starring role with Mary Martin in the London, England company of "South Pacific."

In addition to his directing the Academy, Mr. Evans also is interested in many professional aspects of the entertainment world including musical comedy, television, recordings and a planned national musical festival which will rank in stature along with the Salzburg Festival in Germany.

To augment the Grand Prize, the entire membership of the Levittown Businessmen's association have almost all awarded gift certificates which run into hundreds of dollars.

Application blanks to the contest are available in all member merchant stores.

Railroad Crews Clear Wreckage

RIDGEWAY, Pa. UP — Pennsylvania Railroad crews today restored traffic at Weedville, 15 miles south of here, by clearing the right-of-way of 17 derailed hopper cars and a locomotive tender.

The cars left the tracks late yesterday and one struck the frame freight station, demolishing it. About 1,700 tons of coal were spilled. No one was hurt.

Talks Broken Off

WASHINGTON — UP — Contract negotiations between representatives of the Reynolds Metals Co. and striking AFL-CIO United Steelworkers collapsed last night.

Truman Says Speech Was 'Humdinger'

CHICAGO — UP — Former President Truman was pleased today with the fire-breathing start of the Democratic convention provided by Gov. Frank G. Clement of Tennessee, the keynote speaker.

Mr. Truman, who is working day and night to install a combative spirit in convention delegates, said he thought Clement's speech to the convention last night was "a humdinger."

He said the Tennessee governor set "exactly" the right mood.

While supporting Gov. Averell Harriman of New York for the presidential nomination, Mr. Truman also has been working on a daily succession of delegates, urging them to cast aside any defeatist ideas and go after the Republicans with both fists.

Demos Stirred

(Continued from Page One) the midriff, Clement generated so much heat that the moisture poured from his forehead and neck.

Clement is a handsome young man with rich brown wavy hair and only a slightly noticeable balding spot at the crown. His deep set eyes are dark blue and so, last night, was his single-breasted suit. His face was appropriately tinted for TV.

He brought to his keynote role evangelical zeal and the fruits of a Bible-reading Methodist upbringing plus training in the law.

He dedicated the Democratic Party to the "greater glory of God," created a reasonable doubt that the Republicans were on the side of providence, indicted the GOP on 10 felonious counts, and found it guilty as charged.

Judging by the way the Democrats reacted, it was one of the most rousing speeches ever heard at a political convention.

Obituary

Rev. Wolffer Services Set

Services will be held Thursday for the Rev. Charles Wolffer, member of the Holy Ghost Fathers congregation, stationed at the seminary of the Holy Ghost Fathers, Cornwells Heights, who died Sunday after a prolonged illness.

The body will be placed in the College Chapel tomorrow where it may be viewed from 7 to 9 p.m.

The divine office for the dead will be sung by the priest's choir at 9:30 a.m. Thursday. Solemn Requiem Mass will be celebrated at 10 a.m. Burial will be in the community cemetery on the college grounds.

Born in Strasburg, Alsace-Lorraine, in 1889, Father Wolffer began studies for the Catholic priesthood at Knechtsteden on the Rhineland and was still in the seminary when he went to Haiti as a professor.

He came to the United States in 1914 and joined the American branch of the Holy Ghost Fathers. After completing his Theological studies, he was ordained to the priesthood in Connecticut in 1919. During his student days, he taught plain chant, mathematics, and Latin. Painting and sketching were his hobbies and a pastime he continued until a few months before his death.

From 1923 to 1949, he taught in Duquesne University, Pittsburgh. He did parish work in Pennsylvania, Wisconsin, Arkansas, and South Carolina and for a few years was chaplain at St. Francis Vocational school, Eddington.

Due to failing health, he was sent to Cornwells in 1949 in semi-retirement. He resumed the chaplaincy at Eddington school until May of this year.

The college requests that flowers, although appropriate, be omitted and that expressions of sympathy be in the form of prayers or alms for the missions.

Funeral arrangements are under the direction of Murphy's Funeral Home, Bristol.

GEORGE METZ

George Metz, 40, husband of Mrs. Ruth Rumpf Metz, of Chiniquin road, Holland, died suddenly of a heart attack at Long Beach Island, N. J., on Sunday. Mr. Metz was stricken earlier in the day while he was fishing.

Born in Philadelphia, he was the son of William Metz and the late Minnie Haag Metz. He was a veteran of World War II.

His wife and father are his only survivors.

Funeral services will be held tomorrow at 2 p.m. from the William W. Dunn Funeral Home, 378 South Bellevue avenue, Langhorne, with the Rev. John A. Harvey, pastor of the Langhorne Presbyterian Church officiating. Interment will be in Forest Hills Cemetery, Somerton.

Friends may call at the funeral home this evening 7 to 9 o'clock.

Bristol Creates Detective Post

Bristol Borough council last night created the post of Sergeant of Detectives. The man who fills the office will head the Borough's Detective Bureau.

The office is as yet unoccupied. The council said applicants would have to pass a civil service examination to qualify for the position.

Hospital Treats 3 After 2 Crashes

Two automobile accidents in Falls Township yesterday occurred on the same road less than an hour and a half apart, sending three drivers to Mercer hospital in Trenton for treatment of minor injuries.

The first accident on West Trenton avenue near the Morrisville Drive-in Theatre happened at 4:07 p.m. when a car driven by R. A. Soden, 25, of 35 Alden avenue in Trenton, pulled out to pass another car while traveling east. Police said Soden's car sideswiped an auto driven by C. W. Voorhees, 17, of 5696 Grand Ave., West Trenton which was traveling west.

Treated For Abrasions
Soden was taken to Mercer hospital where he was treated for abrasions of the left knee. He was charged with traveling too fast for conditions by Falls Township police.

In the same vicinity near the Morrisville airport, a car driven by John Stalb Jr., 24, of 30 Idolstone road, Levittown, and another driven by Helen D. Reedman, 30, of 1014 Yardley road, Yardley, collided at 5:20 p.m.

Veers Off Road
Miss Reedman told police that a car was headed toward hers in her lane when she veered off the road in an attempt to avoid a collision. When she came back onto the road, she said, her automobile collided with Stalb's.

Both were taken to Mercer hospital, and discharged after examination and treatment.

Stevenson Seeking Kefauver Delegates

(Continued from Page One)

drew from the contest for the presidential nomination and motioned his supporters toward the Stevenson camp. The immediate objective was to capture some 50 former Kefauver delegates who haven't been too fast in flocking to the Stevenson banner.

Stevenson's stretch drive for victory, and the feverish efforts of Harriman and the big field of favorite sons and dark horses to head him off, dominated delegates' attention at the second day of the convention. The formal convention sessions in the stockyards amphitheater today were given over to speechmaking as the big show marked time awaiting Thursday's showdown presidential balloting.

Youthful Gov. Frank G. Clement of Tennessee warmed up the delegates last night with a key-note speech that was pronounced a "humdinger" by the party's leading authority on give-em-Hell oratory, Mr. Truman. Clement smote the Republicans hip and thigh for running an administration of "give-aways, grab and greed" and denounced President Eisenhower for watching from "green fairways of indifference" while his "vice hatchet man," Vice President Richard M. Nixon, traffics in political "slander."

First Ballot Choices

Here's the way things stood, on the basis of a United Press tabulation of known first ballot choices:

Adlai E. Stevenson	528½
Averell Harriman	528½
Lyndon B. Johnson	57
Frank J. Lausche	52
G. Mennen Williams	44
Stuart Symington	42
John McCormack	41

Bricker Starts Studying Records

Dr. Glenn Bricker, of Levittown, started examining the minutes of the Middletown Township Board of Supervisor meetings this morning.

The physician was accompanied by his attorney, Harold Patton, of Levittown. Also on hand were Township Manager Angus T. Johnson, Supervisor Joseph O. Canby and Myron Harris, township solicitor.

Dr. Bricker had advised the township officials last week that he wanted to examine all township records following a series of disputes with the supervisors and police chief.

150 Attend Drive In Rites

Nearly 150 people attended the second drive in church service held Sunday at the Roosevelt Theatre, the Rev. L. Thomas Moore, pastor of the Emilie Methodist Church of Levittown said today.

The Rev. Moore said about 26 cars, several of whom were from other states were on hand for the outdoor services.

Beginning next Sunday, tape recordings of the Emilie choir singing hymns will be integrated in the program. Previously phonograph recordings had been used, he said.

The services are held each Sunday at 9:30 a.m. at the Route 1 site. They are expected to continue throughout the summer and into the month of September.

The Emilie Methodist church of Levittown conducts the religious ceremony in addition to regularly scheduled services at the church site on the Newportville-Fallington road.

Hurricane

above normal on the Florida coast as the storm progressed.

Indications then were that Betsy would hit between Palm Beach and Melbourne late tonight or on early Wednesday. But dangerous winds on the forward side of the storm will begin on the coast by late tonight, the weather bureau said.

Betsy, first full hurricane of the year, had already killed three persons, injured 50 others and caused \$2 million damage in a march across Puerto Rico two days ago, when its top winds were only slightly stronger than at present.

Reports trickling in from southeastern Puerto Rico said 36,000 were left homeless in a score of towns wrecked by the hurricane's sweep across the eastern portion of the island.

Heaviest damage was reported at Yabucoa, but the deaths were reported in San Lorenzo.

Stevenson Count Shows 528 Ballots

CHICAGO UP — Adlai E. Stevenson has 528½ indicated first ballot votes to 238½ for New York Gov. Averell Harriman, a United Press tabulation showed today.

The tabulation was based on individual spot checks of each state delegation made by United Press reporters following former President Harry S. Truman's weekend endorsement of Harriman.

To win the nomination requires 686½ votes.

Favorite son candidates had 312½ votes among them, the tabulation showed, while delegates having 292½ votes still were undecided on their choices.

Two Trevoise Men In Naval Reserve

John C. Waters, of 3863 Spruce avenue, Trevoise, and Carl Ryan, of 1949 Orchard street, Trevoise, have been assigned to the Naval Reserve Aviation Squadron, VF Jet 935 at Willow Grove.

Airman Recruit Waters in civilian life is a trailer repairman for Strick company, Route 1, near Trevoise. Airman Ryan is a machinist.

Both men are on two weeks active duty for training under the "Weekend Warrior" program of the Naval Air Reserve.
